BRIAN MENDLER

Plagued by severe undiagnosed ADHD and reading difficulties, I began disrupting class in 4th grade. I called teachers names, flipped over desks, and loved to break rules. I was kicked out of school in the middle of 6th grade and sent to a private school. During

my senior year, I started gambling. The next five years were a blur of late nights at the casino, thousands of lost dollars, and indescribable misery. Finally, I entered gamblers anonymous and have been clean for nine years. I have my masters in elementary and special education. I am a successful teacher, adjunct professor and volunteer with Big Brothers/Big Sisters and Special Olympics. I am the co-author and author of three books, including national best seller, *Discipline with Dignity 3rd Edition*, *Strategies for Successful Classroom Management* and *The Taming of the Crew*. I provide staff development training in a high energy, strategy soaked forum where you will laugh, cry, and walk away believing that every student can and will be successful.
